

All individuals will be tested for fever

All Day Rules

- Everyone wears a mask at all times (*except actors on camera*).
- Glove change every 2 hours, or after touching something someone else has touched.
- If not wearing gloves, wash hands properly (20 seconds) or use hand sanitizer every hour, or immediately after touching something someone else has touched.
- Wash hands after bathroom use.
- Don't touch anything that doesn't need to be touched.
- Personal items, food/water, electronics, phones, laptops, should not be on set or leave your person, i.e. phones stay in your own pocket.
- Do not touch your face at all - with or without gloves.
- One person is assigned to open/close location space door for everyone else.
- Printed materials and pens/writing instruments need to be labeled with your name and stay with you throughout the day. Everyone prints out their copies ahead of time.

purei TO PROVIDE

Face masks

Safe Shooting Rules

SETUP

- Same person touches only the gear they will need to touch all day.
- Camera operator to carry in and setup camera & audio related cases and gear.
- Other person brings in C-stands, lights, cords with gloves.

SHOOT

- Absolute minimum number of people on set at any given time.
- Other people (crew, client, actors) wait outside/in car until they're needed.
- Avoid using lav mics at all costs, shotgun at safe distance.
- Minimum 10' distance from other people in a space.
- Wardrobe decisions and clothing stay outside.
- Wardrobe change happens in common use bathroom.
- Hair and makeup self applied.
- Scene setup changes: follow setup touch rules, same person who originally touched the piece of gear/equipment.

LUNCH

- Bring your own food and drink - eat or drink in car or outside, 10' separation from others.

TEARDOWN

- Same person touches only the gear they touched all day.
- Wipe down/sanitize commonly touched surfaces: door handles, bathrooms, etc.
